

Integrate HBOT into your recovery routine.

Made in Canada

LIFETIME warranty

Consult the Official Warranty Statement issue by the manufacturer to fully understand the conditions.

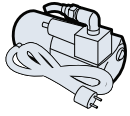

Benefits

- ✓ Achieve better blood circulation
- ✓ Eliminate toxins efficiently
- ✓ Encourage neuroplasticity (regeneration of brain cells)
- ✓ Increase various functions of metabolism anti-aging effects
- ✓ Increase control of the body and mind
- ✓ Decrease edema effects by vasoconstriction
- ✓ Decrease leucocyte chemotaxis and adhesion
- ✓ Attenuate ischemic-reperfusion damage
- ✓ Improve motor skills in children, muscle tone, motricity, spasticity
- ✓ Increase fine motor skills
- ✓ Reduce muscle cramps
- ✓ Increase strength
- ✓ Suppress the formation of inflammatory mediators
- ✓ Inhibit the autoimmune syndrome and the immune reaction in antigens
- ✓ Improve chronic skin damage healing by inducing angiogenesis
- ✓ Stimulate O2 dependent collagen matrix formation, which is an essential phase in wound healing

PEOPLE | PASSION | PRODUCTS

Oxynova 5 includes

Air Compressor
Lab-grade high flow

Filters
5- micron filter
(optional .01 micron)

Anti- Roll Bolsters
Two full length
extra-rigid stabilizers

Carry Bag
Double- layered nylon

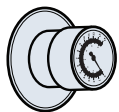

Fabric (Bladder)
PVDF Teflon- coated; assembly
method: double overlap 3.175 cm
thermal fusion fabric welding and
radio frequency welding

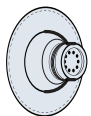

Cover Assembly
Adds a layer of structure to
the bladder (unique to our
chambers), easy to clean and
water repellent

Hose
Laboratory-grade 9 ft (2.5 m) hose,
with reinforced nylon sheath

**Interior & Exterior
Air Pressure Gauge**
100% stainless steel

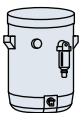

Safety Feature
2 custom pressure-relief valves;
pressure adjustment handle

Technical specs

Working Pressure	1.4 ATA (0.4 bar / 40 kPa / 5.7 psi)
Windows	3 double layared 14 cm (5 ½ inches) windows
Air Volume Delivery	160 Litres/min
Volume	0.562 m ³ (± 5 %)
Diameter	Ø 56 cm 22 inches)
Lenght	221 cm (87 inches)
Chamber's Weight	10.9 kg / 24 lbs
Compressor's Weight	18.1 kg / 40 lbs
Sound level	Less than 60 db (A)
Power	800 W, Single Phase
Pass-through fitting	6 custom-interchangeable positions
Single mask adaptor	Oxygen adaptor mask

Optional equipment

(optional)
"ICE PACK" air collar

(optional)
Oxygen nasal cannula

(optional)
Oxygen mask

(optional)
Oxygen concentrator
(5 L/m)

(optional)
Oxygen concentrator
(10 L/m)
